

PRICING INFORMATION

Here at The Wellness Way we want to be upfront about what each service may cost you and which is billable or not billable to insurance. This way you can make the best decision for you and your family. Please note that all the prices listed below are approximate and may vary by location. Check with your local Wellness Way for payment options.

DIAGNOSTIC TESTING (LAB WORK)

- Lab work is based on the individual and varies greatly in price. The Wellness Way believes strongly in testing and works diligently to find you the best possible pricing on lab services.
- Some lab work is billable to insurance and some is not.
- Pricing and insurance information will be gone over by a doctor or staff member when the test kit or order for blood work is given.
- Consultations to go over lab results and discuss plan of care ARE NOT included in the price of the lab test.

SERVICES THAT MAY BE BILLABLE TO INSURANCE

- Please note that just because a service is billable to insurance does not mean it will be covered by your insurance provider.
- Chiropractic care plans available for purchasing discounted bundled visits when insurance is NOT being billed. *(samples on following page)*
- Some of the services are billable to Medicare and Medicaid. Medicaid will only cover services for providers located in the state your Medicaid is through.
